We want credit too

To the Editor:

I agree with you that Mr. Mikloiche and the Powell brothers did a fine job with the flower boxes and they do deserve a lot of credit, but you should also mention the various businesses and the ladies of the Disabled American Veterans Auxiliary 98 who contributed so generously to the project. Without these fine people, nothing would have been possible.

Thank you,

Editor's Note: The names of those who have contributed to the flower box project have been printed in the NEWS several times, most recently on page 8 of the June 8 issue. If you are referring to the mention of the Powells and Mr. Mikloiche in our "Thinking Out Loud" column of June 22, we still maintain that those who conceived the idea, bought the supplies, spent hours

building and painting the boxes, filled them with dirt, planted the flowers and placed them all around the downtown area, did much more than any of us who "bought boxes." And some of those hardworking folks have never had their names appear once in print.
